

# TIME IS RUNNING OUT

The FAA may send contract impasses in PASS's Flight Standards, AVN, MIDO and AFS-700 bargaining units to Congress at any time unless action is taken immediately. These contracts have been at impasse for nearly three years, which makes them a target in the FAA's plan to control your life. Now is the time to secure additional support for the contract impasse legislation introduced in Congress. If your members of Congress are still not cosponsors of **S. 2201** or **H.R. 4755**, then it is time for you to follow up with a phone call or personal visit. Do it today—and protect your rights for the future.
